*At Smart Spaces we understand that everyone has unique needs, styles and preferences.  
We offer customized modular furniture and storage designed to your individual requirements.*

**Murphy Beds** — Sophisticated, comfortable, retractable beds in King, Queen, Full and Twin sizes that can be incorporated into many areas of a home including bedrooms, offices, living rooms, attics, and basements.

**Custom Closets** — Smart Spaces' modular concept turns your closets into a designer solution. From shelving, cabinets and shoe cubbies, to racks, drawers and laundry bins, Smart Spaces lets you choose the features that work best for you.

**Home Offices** — Create a work-at-home environment tailored to how you work. We can design the optimum surface and storage configuration to accommodate any needs.
